Power Financial Credit Union Named One of Credit Union Journal's 2014 'Best Credit Unions To Work For'

South Florida Financial Institution Recognized For Outstanding Employee Benefits and Satisfaction

MIAMI (Oct. 20, 2014) – [Power Financial Credit Union](http://www.powerfi.org), a member-owned financial institution that has provided financial services to South Florida families for more than 65 years, has been named to Credit Union Journal's inaugural "Best Credit Unions to Work For" rankings.

The recognition is based on an assessment of Power Financial Credit Union's employee benefits, policies and practices, as well a confidential employee satisfaction survey. Credit unions of all sizes across the country competed for inclusion in the rankings.

"This recognition is a testament to the strong, family focused company culture that we have built since we were established in 1951," said Allan Prindle, President and Chief Executive Officer of Power Financial Credit Union. "We are proud to provide our employees an outstanding work environment with robust benefits packages and opportunities for professional growth and thank them for making our success possible."

About Power Financial Credit Union

Power Financial Credit Union is a community-based, member-owned financial institution that has provided high-quality, family based financial services to the South Florida community for more than 65 years. It has more than 32,000 members, \$500 million in assets, and five branches throughout Miami-Dade, Broward, and Palm Beach counties. The organization provides all of the advanced products, services and tools of large banks, but with a unique personalized, family friendly, and community-centric focus. It also provides its members with extensive electronic services, and 90% of its transactions are conducted outside of its branches. More information is available at www.powerfi.org.
